ERA Welcomes RECOM Power as a Manufacturer Member

The Electronics Representatives Association (ERA) announced that RECOM Power Inc. — an industry leader in the fields of electronics, engineering, industrial automation, medical equipment applications, and digital technology, including data, IoT, and Industry 4.0. — has joined ERA as its latest manufacturer member.

“We saw the opportunity to join ERA as a way to expand our relationships and network within the electronics industry. We believe our membership within the community will benefit our continued growth and increase our influence as a power supply converter manufacturer,” said Christoph Wolf, President of RECOM Power Inc.

ERA CEO Walter E. Tobin commented on RECOM Power becoming ERA’s latest manufacturer member: “RECOM Power has a reputation for innovation, excellence and providing superior customer service. ERA is excited to welcome RECOM Power as its manufacturer member.”

About RECOM Power

RECOM Power has been innovators in the field of electronic power converters and providing exceptional customer service for over four decades. RECOM Power prides itself on being an industry leader in the fields of electronics, engineering (including transportation), industrial automation and medical equipment applications, and are now a global influence in the fields of digital technology including data, IoT, and Industry 4.0. Specializing in high quality, cost efficient, energy and space saving DC/DC and AC/DC converters, RECOM Power manufactures over 20,000 modules for use in a wide variety of electronic devices. Additionally, RECOM Power also produces switching regulators and LED drivers. For more information, visit recom-power.com.

About ERA

The 83-year-old Electronics Representatives Association (ERA) is the international trade organization for professional field sales companies in the global electronics industries, manufacturers who go to market through representative firms and global distributors. It is the mission of ERA to support the professional field sales function through programs and activities that educate, inform and advocate for manufacturers’ representatives, the principals they represent and the distributors who are reps’ partners in local territories. For more information about ERA, visit era.org.
